

Paperless Program Direct Deposit / Electronic Funds Transfer Enrollment

Boaz Energy II, LLC (“Boaz”) is offering complementary direct deposit to all royalty owners who want to participate in the Paperless Program. This program is part of our continuing effort to provide the best customer service to our owners. Benefits of our Paperless Program include the elimination of all mailing delays, lost or stolen checks and receipt delays related to address changes. Going Paperless will allow our owners to receive an electronic fund transfer (ETF) in their designated financial institution (bank, credit unit or savings and loan). The EFT will deposit the cash value of your monthly interest payment into your bank account and is typically available for use within two (2) business days following the check issue date using the Automated Clearing House (ACH) wire system. Check details will be provided on a FREE and secure website: www.energylink.com. Utilizing the services provided by Direct Deposit and EnergyLink provide a more efficient and convenient way to receive your payments and manage your check detail information.

In order to begin receiving Electronic Payments, simply fill out the form below, the Direct Deposit Enrollment Form, W-9 and include a voided check. Please allow 30-60 days for ACH payments to begin.
